DECEMBER 2025

John, welcome to this month's festive newsletter!

As 2025 comes to a close, we'd like to thank you, our amazing community of creators, for your support and for being part of the Atomos journey this year. We hope that you have a joyful holiday season and a bright start to the New Year.

To round off the year, we've put together an exclusive gift guide **treat yourself or a fellow Atomos community member with exclusive discounts on under-\$200 accessories.**

And don't forget, our **Black Friday deals are live until 15 December** - visit our website to take advantage before they're gone!

Also in this issue, discover how camera operator **Charlotte Maguire** braved hurricane season in the Bahamas to capture a pirate shipwreck documentary with Ninja TX. Plus read about filmmaker **Jim Marks**, who shows why the affordable Ninja TX GO is the ideal companion for his Fujifilm X-H2S.

Finally, we're pleased to announce a new integration with **Mavis Cloud Hub**. This innovative platform lets you manage, control, and stream from your cloud-connected Atomos devices remotely. And for a limited time, you can also get **50% off ATOMOSphere annual plans** - find out more below.

CASE STUDY

Navigating high seas & stories with Ninja TX

Charlotte Maguire braved hurricane season in the Bahamas to film a pirate shipwreck documentary. Using **Ninja TX** with her Sony FX3, she stayed mobile and protected her footage, with daylight-viewable monitoring and Camera to Cloud uploads to **ATOMOSphere**, keeping the production running smoothly.

CASE STUDY

Shooting with Ninja TX GO & Fujifilm X-H2S

Photographer turned filmmaker Jim Marks shares how the new, budget-friendly **Ninja TX GO** has become the perfect partner for his **Fujifilm X-H2S** camera. Unlocking ProRes RAW recording and delivering professional-grade monitoring tools, the Ninja TX GO transforms his compact hybrid camera into a powerhouse filmmaking setup.

More camera-to-cloud with Mavis Cloud Hub

We're delighted to announce **Mavis Cloud Hub** as the newest addition to our camera-to-cloud offering. This powerful platform makes it easy to manage and streamline your cloud-connected Atomos devices, with centralized presets, configurations, and workflows for professional live streaming and collaboration.

With Mavis Cloud Hub you can stream directly from your Atomos monitor-recorder, including Ninja TX GO, Ninja TX, any Ninja with Atomos Connect, or Shogun Ultra, to Facebook Live, Twitch/Instagram, YouTube Live, or custom RTMP destinations.

With the C2C subscription package you get access to more Camera to Cloud destinations including **Amazon S3** and **Grass Valley Framelight X**, along with continued support and updates for existing Camera to Cloud and streaming services, including **Sony Ci Media** and **Editshare's MediaSilo**.

With immediate effect, we will be ending support for Atomos Live Shows, Atomos RemoteView and Atomos Edit.
